'Deep Seeing': The Power of Visual Communication Online Professional Development Course

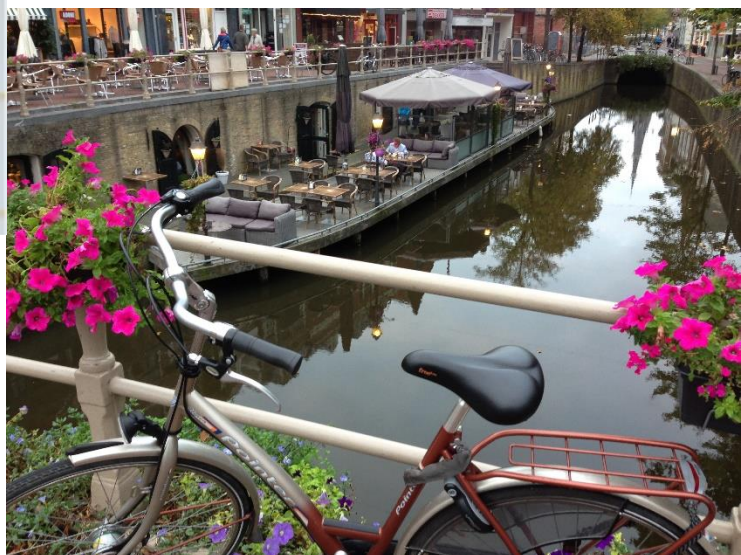

**Feb 24 – March 9, 2020
5 sessions from 2-4pm ET**

'Deep seeing' means **recognizing intentional and hidden meanings in photographs** of our lives, work, and environment. This 5-session, interactive, online professional development course will strengthen participants skills in **interpreting photos for research, advocacy, and clinical care.**

SESSION TOPICS INCLUDE:

- ✓ Message Design
- ✓ Understanding Composition in Photography
- ✓ Color & Cultural Awareness
- ✓ Channeling the Photojournalist Within

This course is taught by **Dr. Domenic Screnci**, who will share learning from 30-years of experience as a medical photographer, professor, and communications director.
